STEP 1: Search

Find the space that's right for you by entering your destination, dates and number of guests on the Airbnb homepage or search page.

STEP 2: Contact

Message hosts by clicking the blue 'Contact Me' button below their profile photo. Ask any questions you might have, and confirm availability. We recommend messaging multiple hosts. Your personal contact info is kept private until after your reservation has been made to protect your privacy and keep you safe.

STEP 3: Book

Click the green 'Book It' button on a listing to send the host a formal reservation request. The host will then have 24 hours to respond. (If the host does not respond in that time, the booking expires.) If you see a listing labeled 'Instant Book,' that means there is no messaging or approval needed. In this case, clicking 'Book It' will confirm your reservation immediately.

STEP 4: Travel

Well before trip, contact your host to confirm arrival times and key exchanges. You can always find all the details of your stay, including host contact information, under 'My Trips'.
